(hereinafter called, "the Contractor").

WITNESSETH:

WHEREAS, there exists between the parties hereto a Basic Agreement known and designated as Contract No. 046-12519-8 entered into effective as of the 26th day of June 1958, which is hereinafter referred to as the Contract, and

WHEREAS, it is necessary that the Contract be modified to reflect certain changes in the specifications for the units to be delivered under the contract.

NOW THEREFORE, the parties hereto agree as follows:

1. All references to the radio set to be furnished under the Contract shown as "RS-16A," shall be changed to read "RS-16C."
2. The Contractor shall provide the design, services, materials, and manufacturing necessary to incorporate the following improvements in the unit to be delivered under Item 2 of the Contract:
 - (a) A more reliable alphabet wheel coder.
 - (b) A new high frequency oscillator design.
 - (c) A larger battery pack.
 - (d) Improved circuitry.
 - (e) Change three of the four transmitting frequencies
 - (f) Add BNC connector to the front panel for an antenna matching network.
 - (g) Match the output of the power amplifier to a 50 ohm line.
 - (h) Correct mistakes resulting from errors in the drawings and specifications provided to the Contractor by the Government
